

Disclaimer

General Notice: This document serves as a disclaimer for all potential investors considering purchasing assets during the premarket phase of Crymont's offerings, prior to their availability on our Web3 platform. Participation in this phase involves certain risks and considerations that differ from those of the finalized Web3 platform. **Investment Risks:** Investments made during the premarket phase are subject to changes and adjustments as Crymont transitions to the Web3 platform. As such, these investments carry inherent risks related to the development and implementation of new technologies and platforms, which may affect the performance and value of your assets. **Regulatory Compliance:** Although Crymont strives to comply with all applicable laws and regulations in the operation of its business and its transition to a Web3 platform, the regulatory environment for cryptocurrency and tokenization is evolving. Changes in laws or regulations, or in their interpretation or enforcement, could adversely affect Crymont's business and your investments. **No Guaranteed Future Performance:** Purchasing assets in the premarket phase does not guarantee future performance or continued availability once the Web3 platform is launched. Crymont reserves the right to modify, suspend, or discontinue any aspect of its offerings as necessary to comply with regulatory requirements or to enhance platform functionality. **Asset Transition:** Assets purchased during the premarket phase are intended to transition to the Web3 platform, subject to successful development and regulatory approval. This transition is not guaranteed and may be subject to delays or modifications based on technological development and legal compliance.

Due Diligence: Investors are strongly advised to perform their own due diligence and consider their financial situation, investment objectives, and risk tolerance before participating in the premarket phase. Consulting with financial, legal, and tax advisors is recommended to fully understand the risks and legal implications. **No Liability:** Crymont assumes no liability for any direct or consequential loss arising from the investment in the premarket phase. Investors acknowledge that they participate at their own risk and that Crymont provides no warranties regarding the future transferability, legality, or performance of the assets prior to their integration into the Web3 platform. **Acknowledgment of Terms:** By purchasing assets during the premarket phase, investors acknowledge and agree to the terms outlined in this disclaimer and any additional terms provided by Crymont at the time of purchase. **Acknowledgment and Agreement:** By proceeding with the purchase of assets during the premarket phase, you affirmatively acknowledge having read, understood, and agreed to the terms set forth in this disclaimer. You also accept full responsibility for assessing the risks associated with this investment phase and for securing independent legal and financial advice as deemed necessary. Crymont commits to maintaining transparency and adherence to applicable legal standards throughout this transitional phase and beyond. Your trust and confidence in our endeavors are highly valued, and we pledge to continue upholding high standards of integrity and regulatory compliance.

Contact Information:
